MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : COMIREX Report on High-Altitude Photographic Coverage of Cuba, 30 September - 24 November 1968

REFERENCE : USIB-D-41.14/305, (COMOR-D-24/203),
10 January 1967, Limited Distribution

1. Attached is the Committee on Imagery Requirements and Exploitation (COMIREX) report on high-altitude photographic coverage of Cuba for the period 30 September - 24 November 1968, which is circulated for the information of the United States Intelligence Board (USIB).

2. COMIREX advises that the USIB requirement for 90% area coverage and for target category sampling over this 56-day period was fulfilled. Also during this period no activity was observed indicating reintroduction or deployment of offensive weapon systems in Cuba.

3. It is not planned to schedule this report on the USIB agenda for discussion unless specifically requested by a Board Member to do so prior to close of business on 6 December. In the absence of such a request, it will be considered for record purposes that USIB "noted" the subject report on that date.
